Subject: Leeward Cay News –Important updates on Painting

Hi, Leeward Cay Neighbors-

With Labor Day Weekend nearly upon us, it's time to reflect on several milestones achieved over the summer, as well as look ahead to a major community project--- **Painting Leeward Cay**.

The attached newsletter contains information on what to expect as we work together to complete our community repainting. To provide further information, your Board of Directors (BOD) will be sending each household a separate email with details on the scope of painting for that unit.

Many thanks to all the people who contributed to this summer's achievements! We are looking forward to seeing our neighbors again and wish safe travels to all.

Your Board of Directors,

Laura, Jim and Ken
